

Annual Report [2023-2024]

It is my proud privilege to present the Annual Report of the activities and achievements of the academic year 2023-24. It is rightly said, 'True education is that which proves useful in life and make you industrious'. Our school has been striving hard since its inception to achieve excellence in each and every endeavour through sincere efforts and mindful execution of different tasks and by providing right environment to the students for their all round development. From a humble beginning in the year 2019 our school now enjoys the reputation as one of the best schools in our area.

Infrastructure : The school has a clean and green campus with an excellent educational ambience and latest infrastructure facilities for all the students. We have upgraded our infrastructure facilities including our Computer Lab, Science labs, Maths Lab and Library. Currently we have a Composite Science Lab, Physics Lab, Chemistry Lab, Bio Lab, Computer lab with internet facilities and a fully equipped library with two thousand plus books.

School Activities : School activities are age appropriate and well designed by a committee of teachers before the commencement of the Academic Year and the schedule is circulated to the parents in advance. The activities are classified as daily activities, festival celebrations and inter-house competitions.

Daily school activities begin with an assembly which comprise of National, International and Sports News, Speeches, Quiz, Thought of the Day etc. Opportunity is given to every class to organize the assembly.

Celebration of National Festivals, important days and religious festivals is also a part of school activities. To keep the competitive spirit alive among the students, inter-house competitions are conducted at regular intervals all over the year such as debate, declamation, creative writing , quiz, spell bee, poem recitation , drawing and colouring, poster making, slogan writing, rangoli, mehendi and story telling etc. The students also participated in Inter School competitions like Quiz completion and declamation contest. To outlet the steam of caliber of our students in the field of Science , Maths, Social Science and languages a multi disciplinary exhibition was organized which proved to be a great success.

To improve the academic performance of the students subject enrichment activities are conducted and the teaching pedagogy is structured according to the learning levels of the students. Smart Board, subject enrichment activities , hands on activities and remedial classes help the students to bridge their learning gaps and strengthen their basic concepts. This year our first batch of class X is going to appear in the CBSE Board Examination. We wish them all Good luck for their preparation for exams and really hope for very good results ahead.

PTA Activities : Parents teacher meeting is held on the last Saturday of every month. In these meetings progress of child in academics , co- curricular activities , sports etc. Is discussed with parents.
