

## **SKS International School, Maure Khurd Annual Report (2024-25)**

“Reach high, for stars lie hidden in your soul , dream deep for every dream leads to goal.”

I feel extremely privileged to present the annual report of the school activities for the academic year 2024-25

Established in 2019, the school is now making steady progress under the fullest support of management and team of dedicated staff.

### **Academics**

Achieving academic excellence is the heart of our endeavour as educators. It was a moment of great pride for all of us when our first ever batch of Class X students scored 100 % result in CBSE Board Examination 2024-25. I take the modesty to say that we did our best as we had planned and we are proud of the students and dedicated teachers who strived too hard to achieve beyond expectation. I take this opportunity to congratulate all the students , their parents and of course the teachers for this great achievement .

### **Faculty and Staff**

The school boasts an enthusiastic and committed team of teachers across the Foundational, Preparatory ,Middle and Secondary sections and a dedicated non teaching and support staff. Our dedicated and passionate faculty and staff have played a pivotal role in shaping the minds of our students . Their commitment to education goes beyond the classroom , fostering the environment where the students can grow intellectually and emotionally.

### **Competitions**

Beyond academics our students participated in various Intra school and Inter- school competitions. Whether it was art , drawing, declamation, poem recitation , quiz , spell bee, science and maths exhibition , role play etc.,they have shown their brilliance in every area.

## **Co curricular activities**

To promote activity based learning among kindergarten the following activities were organised during the academic year 2024-25 Colours Day, Mothers Day , Grandparents Day ,Fruits Day, Green Veggies Day etc.

In addition to this, important days were observed in the school conveying the significance of important aspect of human life and history through various cultural and literary activities. We observed major festivals and national events on campus , celebrating each one in a unique way.

## **No Bag Day**

We introduced No Bag Day on the fourth Saturday of every month to give students a break from academic and focus on developing essential life skills. On this Day , Students engage in activities that promote creativity , team work and problem solving, helping them grow holistically and preparing them for the challenges of the future.

## **PTA**

We firmly believe that positive communication between parents and teachers goes a long way in improving the efficiency of education. We ensure active participation of parents in the teaching-learning process. The parent-teacher meeting is organised every month to discuss the progress of their wards and positive suggestions for the overall development of the school.

## **Conclusion**

Each of these initiatives is a step forward in our mission to nurture our students in a right way. Our journey this year has been full of growth, success and dedication . None of this would have been possible without the support of the management, the hard work of our teachers and the enthusiasm of our students.

I would like to conclude by extending our sincere thanks to all the parents and each and everyone of our well wishers who have supported us in every step of our journey.

Thanks You.
